## FELT FLOOR PROTECTORS

**"Tap-In" to the Quality!**

### Protect Your Flooring Investment

Safeglides protect beautiful floors by virtually eliminating scratching. The wool felt glides provide an excellent buffer to keep furniture moving across the floor easily. The wool felt protectors keep wood, vinyl, tile, stone, terrazzo and marble flooring looking great longer. The glides are designed for contemporary and antique wood furniture as well as wicker and rattan. We only sell the brown color.

### Long Wearing

Safeglides are made with a patented, nickel plated rivet. The wool felt pad is renowned for its long wearing ability.

### Easy To Install

Designed for easy installation, Safeglides are gently tapped in place with a hammer. The unique round design is safer for your furniture than the nail-in type. Two sizes of the tap-in glides are available:

**1" & 1½" in Brown Only**

### Pricing

	Order Qty
<b>1" = \$0.50 each</b>	_____
<b>1½" = \$0.70 each</b> (for larger legs)	_____
